Scoring scheme

1. Each event holds pre allotted points. Teams that secure the **top THREE** positions in an event will be awarded points according to the **POINTS TABLE**.

2. After registering, teams are required to select **FIVE TRUMP EVENTS** on the VertechX website. These events should be selected by teams based on the judgment of their areas of strength. On securing a position in the top 3 in any of these TRUMP events, the team will be awarded **bonus points** according to the following scheme:

   Suppose an event holds points as follows:

   1st position: 300
   2nd position: 200
   3rd position: 100

   Then, on securing a position in case of a TRUMP event, the final scores will be as follows:

   1st position: 300 + (50% of 'points for 1st position') = 300 + (50% of 300) = 300 + 150 = 450
   2nd position: 200 + (50% of 'points for 2nd position') = 200 + (50% of 200) = 200 + 100 = 300
   3rd position: 100 + (50% of 'points for 3rd position') = 100 + (50% of 100) = 100 + 50 = 150

3. Change of TRUMP events is NOT allowed any time after closing of registrations.
